Anderson Speaks.

For the first time since the carrie yard question came up for discussion in the daily papers, a member of the body toward the city of Las Vegas. In Browne & Manzanares this marning we met Mr. W. E. Anderson, the presiden. of t'e Lincoln county association, who gentleman, gave us the very inforcould never get. He says that the stock yards have been placed at Bernal after the most therough investigation by members of the association. It was their deare, as much as survene else, to locate the yards at this point, but on looking the ground over it was found to be greatly to the disadvantage of the stockmen in the lower country. Itclaims that cattle would lose 20 to 30 cents by driving to Las Yegas over the the canon del Agua hill, no matter how good a road is made, and says that by driving to Pernal they not only save time but are able to deliver the stack to the rai road company in as good condition as when it left the range. He claims further that the The meeting was called to order by brush and timber spoken of by Mr. Cox will not interfere with handling the Springer is the only competing point They looked at the matter as business they "would do the most good."
